

DIRECTIONS FOR USE

Surface Preparation

- Prepare the surface by using suitable sand/emery paper or scrapping tools to remove dirt, dust, grease, loose flaking paint, laitance, algae, fungi etc. and wipe it clean.

Primer

- Apply a coat of Shalimar Water Thinnable Cement Primer / Super Primer (or any other suitable Shalimar Paints primer) as per recommendation. Allow it to dry for 3-4 hours.
- Spot prime before and after filling nail/holes/cracks.

Putty (if required)

- Level the surface with Shalimar Magic Acrylic Wall Putty or Shalimar Shakti Wall Guard Putty and allow it to dry for 4-6 hrs.
- Sand surface with 180/320 emery paper and wipe it clean.
- Apply an additional coat depending upon the surface conditions and smoothen the surface.

Primer

- Apply a coat of Shalimar Seal Proof / Water Thinnable Cement Primer / Super Primer (or any other suitable Shalimar Paints primer) as per recommendation. Allow it to dry for 3-4 hours. In case application is done with Shalimar Universal White Primer allow it to dry for 6-8 hours.

Top Coat

- Apply 2-3 coats of the selected interior emulsion by thinning with potable water, as per recommendation on the product pack
- For Deep, accent base & dark shades thin with potable water 20-30% by volume.
- Application can be done by brush, roller or spray.
- For dark shades, an additional coat is recommended..
