

ASWATHI SABU

MSc. Chemistry graduate seeking an innovative and challenging career in a growth-oriented organisation, which offers challenging opportunities and utilize my knowledge and skills, and enable to progress in career.

EDUCATION

MSc Chemistry (2020-2022)	84%
Carmel college mala (Calicut university)	
BSc Chemistry (2017-2022)	82%
Alphonsa arts and science college (Calicut university)	
12 TH (2015-2017)	
Vijaya higher secondary school	87%
10 TH (2014-2015)	
Jayasree higher secondary pulpally	99%

CONTACTS

 **plamoottil house cheeyambam post**

Pulpally wayanand 673579

Hands on Training

Chromatographic analysis, gravimetric analysis, potentiometric analysis, computational lab, pH meter, conductometer, small scale organic synthesis

PROJECTS

- Influence of orange peel in elimination of chromium from water (2020)
- Yield variability and plant nutrient contents as influenced by integrated nutrient management on coleus (2022)

Skills

- Analytic
- Self-motivated
- Communication
- Active listener
- Team work
- Time management
- Basic computer knowledge

CERTIFICATES

Industry Institution interaction program (2021)
