

Anirudh Agarwal

Senior Manager (Purchase and Supplier Quality)

As a Paint Technologist (Chemical Engineer) with a keen interest in Chemicals, seeking a rewarding and challenging career with opportunities for future growth and development with an organization wherein my knowledge, abilities & skills are optimized.

Work History

2018-06 to Current **Senior Manager
Purchase & Supplier Quality
(SME and SPOC for Surface Protection)**

Tata Motors Ltd., Lucknow, U.P.

Maintaining and improving the quality by doing optimization of multiple processes for manufacturing child parts along with defect reduction as measured by PPM at different levels like Assembly line, VQA & CQ team, and Salt Spray Test. On the other hand, As SME & SPOC for Surface Protection, keeping in check the Process of Surface Pretreatment and protection by doing regular Audits at vendors for the Process and regular testing of parts on various parameters regarding surface coating for all the vendors across Lucknow.

VME Trainer (Value Methodology Engineering).

- **TEAM LEADING IN VARIOUS PROJECTS:-**
 - ❖ Face Cowl Dent Reduction by 75% (14-20 per day to 2-5 per day)
 - ❖ Paint Defect Reduction by 50%, using QC tools
 - ❖ Overall Equipment Efficiency improvement at Sharada press shop by using KAIZEN method from 36% to 59%.
 - ❖ IPTV (Incidents per Thousand Vehicles) reduction by 50% in 3 months.
 - ❖ Process changes as per Government norms (BS-VI) of Electro-Plating processes from Hexavalent plating to Trivalent plating
 - ❖ 13% reduction in PPM for Paint defects in a year
 - ❖ Identifying and Changing the Surface protection of the parts depending on the constraints like changing from powder coating to C.E.D. due to lack in reach of powder at complex areas, also changing from Epoxy to Polyester due to exposure to sunlight
