Dear Hiring Manager

As a young and motivated individual I am extremely interested in submitting my application for a suitable job opening in your company.

I have done an advance course in various spectroscopic techniques from the CSIR-CDRI such as, HPLC, LC-MS, GC, FTIR, UV-VIS and NMR.

I have completed my graduation from University of Delhi and post-graduation SHUATS.

Gaining from my trainings and curriculum, it has provided me a range of practical capabilities and key analytical skills to work in various organizational structures and understand their operational flows. It also allows me to work in a fast paced environment.

With fine knowledge of Sample preparation, Method development, Method validation and Result analysis, I would like to explore the possibility of putting my skills to work for you.

I have enclosed a copy of my CV for your consideration. I can be contacted at all the times on the detailed provided above.

Thanking you for your time and consideration.

Yours sincerely

Chirag Khanna
