## PROFESSIONAL SUMMARY

I'm originally from nashik City and I'm currently a working as a content developer. I have completed my master degree with gold medal from pune university. I decided to study chemistry because I've always loved reading reference chemistry books ,paper and studying literature survey in general. I'm now looking to gain experience in the research,eLearning and K-12th field. Generally I'm passionate about this because I have ability to provide best information and engage readers. We have four members in my family my dad,my mom my brother and me.

## ACCOMPLISHMENTS

- Awarded from mylan pharma for the participation of R & D research.
- Awarded from university of pune for topper from all class and master degree students.
