OBJECTIVE

To explore the new areas and work in a dynamic stable organization. To become part of an organization which provides me the opportunity to utilize and improve my skills and knowledge to grow along with the organization.

PROFESSIONAL SUMMERY

I have done my MSc in Advance Chemical Engineering from the University of Leeds. I have done my MSc project in synthesis of silver nanoparticles by using "Seed mediated method" and I developed my interest in area of nanotechnology. I have dynamic personality.

I am always planning a step ahead in life and I keep myself always positive. I can handle difficult situations calmly. I can work in team. Also, I make sure to give my 100% in my solo projects. I am very particular about my schedule and always manage my time efficiently.

Now, I have finished my education and ready to take challenging job.

Previously before starting my Masters, I used to work as proposal engineer in "Global Aqua Solution, Pune".

I have worked as guest lecturer in "Rajaram Bapu Sugar Technology, Islampur" for few months.

During my Masters, I have worked with Event Organization Company called "Arc Event Management Leeds, UK".

EDUCATION

DEGREE	YEAR	SCHOOL/UNIVERSITY
