SOFTWARE SKILLS

WORK EXPERIENCE

Nov 14 to till now

Working as a freelance Graphic Designer & Photographer

Social promotional work (Instagram post and small video animations) for one of Car Rental company. Website design & Logo branding for clients, Photography & Videography for wedding, corporate, portfolio, product shoots. Making short films & Cinematic videos as a Director & DOP. I know how to deliver a complete project from start to end.

May 12 to Oct 14

Visualizer at 9X Media, Mumbai

Responsible for the social media promotional designs for 4 tv channels. Facebook, twitter, post, cover page, funny memes on latest trending topics. Content head was providing us text for posts and web designs. UI design for Game & mobile apps. Game's look and feel, color theme, User Interface design, screen design, game thumbnail & promo video of the same game. using bellow software Flash, Photoshop and Premiere. Also design content for official website and one page website for festival & contests.

Dec 10 to Apr 12

Flash Animator / Graphic Designer at Games2win, Mumbai

Responsible for games and application designs for our company. I use to work on Flash and Photoshop software. Apart from character design I was creating game backgrounds, game screens & UI design. I was creating small graphical animations for games and applications. I was working under Art Director. Also creates vector graphics for games like car parking, makeup, racing games.

May 09 to Apr 10

Multimedia Operator at Parasdham, Mumbai

I was a part of a team where we were creating learning content for PreSchool kids, was also making a flash animation video on spiritual themes. Also create Digital banners for promotion.

June 06 to July 08

Graphic Designer at Add Spirits, Aurangabad

Here I was designing brochures, Leaf late, Newspaper ads, visiting card, banners. was also creating logo branding for our clients. Logo, Letterhead, all stationery work. here I learn so much about printing and logo designing work. worked for different clients like one of the leading furniture brand, Steel company, Chemical factory, Medical and Collage.

June 05 to May 06

Graphic Designer at Abhishek Advertisers, Aurangabad

Responsible for Newspaper ads, banners, Print material for different companies. mainly worked on Newspaper ads for infrastructure, Super Market, Fashion stores, etc. also design many hoarding for our clients.

PROJECTS

- 1) **“Drop” award winning short film**
 - Got a Best short film award and cash prize for “DROP” in the contest called “Yes! I am the change” (Yes Bank)
 - The concept and story I have written.
 - Also, I have directed & Edited this short film.
 - Me and my Team made this film in just 100 hours. From story writing to uploading the film.
 - I have the experience to handle a team of 8-10 people. and get this work done in very limited time.

- 2) **E-learning project for leading Two wheeler company**
 - We two artists were working on graphics/ animations for this project.
 - This project was made for company workers to teach them how to use the new machine.
 - Most of the work done in Adobe flash and photoshop.
 - My contribution for this project is visual and animation

- 3) **Freedom Haq se**
 - Concept video for 15 August day.
 - All flash animation work done by me.
 - Video concept about Respect to our National Anthem.
 - Line art character animation style work.

- 4) **Social Promotional design for marathi movies like “Bioscope & Nilkanth Master”**
 - Social post for facebook, tweeter and other platforms.
 - Minimalist movie posters for Bioscope movie.
 - worked shared by marathi movie directors like Ravi Jadhav, Viju Mane

- 5) **“Bheegi Billi & Bade Chote” animated gif emoticons for WeChat**
 - I have created animated emoticons for WeChat application.
 - Worked on our two famous characters Bade-Chote & Bheegi Billi.
 - First character animation has done intro Adobe Flash.
 - Final gif output has been done intro Photoshop.
 - Was very interesting project because I got freedom to create these animations into my style.
 - Big challenge was file size should be in minimum kb
