

CURRICULUM VITAE

Dr. T. Siva, M.Sc., M.Phil., Ph.D.

SERB- National Postdoctoral Fellow

Assessor in Paint and Coatings (SCI)

CIPET-ARSTPS, Chennai-600032, India.

Email: chemistry_siva@yahoo.co.in; haisiva2009@gmail.com

Mobile: 91+9942499242

Profile Summary

- 12+ years of experience in the ever-expanding areas of electrochemistry, corrosion science, and engineering, specialization in intelligent coatings, conducting polymer-based coatings, corrosion inhibitors, and corrosion monitoring.
- 27 international publications and two book chapters in well-cited journals and publishers, and have been granted with 2 patents.
- Qualified assessor and trainer for the Paint and Coatings Skill Council of India - to handle paint and coatings related publications and practical assessments for skilled people.
- Received more than eight national and international awards, including NACE and Berger Awards for research contributions.

Areas of expertise

- Organic polymer synthesis using a chemical oxidative or electrochemical method and various dopants or inhibiting molecules.
- Systemic new chemical processes for the synthesis of smart and intelligent organic materials for protective coating system
- Suitable purification/separation method for synthesised smart pigments- Centrifugation, filtration process, qualitative and quantitative methods.
- Chemical analysis or structural analysis: FTIR, UV-Vis, XRD, XPS, TGA, SEM, TEM, particle size, Zeta potential measurements, BET, NMR, and ESR.
- Single or double pack systems of coatings by using epoxy, acrylic, urethane, silicone, and ceramic binders and chemical analysis of binders-epoxy equivalent and amine value.

Professional Experience

Duration	Institution	Position	Activity
10/22 to till date	CIPET-ARSTPS	N-Postdoctoral Fellow	R&D
01/21 09/22	CIPET-LARPM	N-Postdoctoral Fellow	R&D
04/17 04/20	CSIR-CECRI	Research Associate	R&D
03/14 12/16	CSIR-CECRI	Senior Project Fellow	R&D
03/13 03/14	CSIR-CECRI	Research Intern (CSIR)	R&D
06/12 11/12	CSIR-CECRI	Senior Project Assistant	R&D
05/10 03/12	CSIR-CECRI	Project Fellow	R&D
07/08 05/10	Vetri Vikass	PG Assistant	Teaching
09/05 04/06	Sri Raghavendra Arts & Science College	Lecturer	Teaching

CURRICULUM VITAE

Academic Qualification

Month/Year	Degree	University / Board	Class
11/2016	Ph.D. (Chemistry)	Bharathidasan	Awarded
03/2009	M.Phil. (Chemistry)	Periyar	First
04/2005	M.Sc. (Chemistry)	Bharathidasan	First
04/2003	B.Sc.(Chemistry)	Bharathidasan	First
03/2000	HSC	State	First
04/1998	SSLC	State	First

My key skills

- The scale up paint formulation with multiple pigments up to 5 litres for R & D purposes. Periodical analysis of liquid paint as per ASTM-D-1210, 1200, 1475, 1212, 5895, 2698, and 1353
- Selecting the suitable substrate for coatings (Mild steel/Aluminium-2024, A356/Magnesium-AZ91D alloys).
- The suitable surface preparation method before coating methods (using the picking method, wire brushing, and sand blasting method), and periodically measure the roughness of the substrate.
- Special metal pre-treatment for the substrate (using conversion coating (phosphate, chromate), anodization process
- Suitable coating method in an economical way by using the air/airless/hot spray method, spin/dip coatings, brush methods
- Systematic analysis of physical tests for paint film (ASTM-D-7091, 3363, 3359, 4541, 522, 4060, 6905 & 523).
- The performance evaluation of coatings for long time analysis such as water vapour permeability (ASTM-D-1653), electrochemical impedance spectroscopy (EIS), salt spray test (ASTM-B-117), weathering test (ASTM-G-154), potential time measurement, polarization studies (ASTM-C-0876), immersion studies (Neutral, Base, Acid solutions) (ASTM-D-870), surface impedance mapping (SIM), Scanning Vibrating Electrode Technique (SVET).
- Determining and interpreting corrosion trends, as well as continuously reviewing corrosion monitoring and inspection strategies to ensure that they remain appropriate for the specific assigned R&D work.

Research Highlights

Smart and self healing Coatings

- Organic coatings are the established and economical way of protecting metallic infrastructures against corrosion. It offers corrosion protection by means of barrier effects. Mechanical damage or pinholes in the coating

CURRICULUM VITAE

promote accelerated corrosion due to the large anode and small cathode configuration.

- Smart coatings, which can respond and heal on their own, are urgently needed to extend the life of infrastructures.
- Environmental friendliness and the use of carcinogenic chromates have necessitated the development of eco-friendly smart coatings. The following are some of the smart coatings that have been developed by me.

Polymer based Smart Coatings

- Developed nano-structural polymer-based smart coatings that can be fabricated through chemical oxidative polymerization. Before, to initiate the micro emulsion polymerization by using suitable surfactants, oxidants, and templates.
- Paints formulated with intrinsically conducting polymers (ICP) /nano-structural conducting polymer as one of the pigments.
- These ICPs prevent pinhole corrosion by passivation of the substrate due to its redox activity. While undergoing a redox transition, it also releases dopant ions.
- ICPs with corrosion inhibitive ions (phosphate, phosphonate, oxalate, benzoate, sulfonate, tungstate, molybdate) as dopants were successfully developed and smart coatings with these ICPs formulated.
- The performance evaluations of these paints were carried out by all conventional ASTM techniques and compared with conventional paints.
- The smartness of the coating was evaluated by the scanning vibrating electrode technique (SVET) and insitu-FTIR.
- The timely release of inhibitive ions at local corrosion sites reinforces corrosion protection. A suitable mechanism is suggested.

Reservoir based Smart Coatings

- The nano-structured intelligent reservoirs were synthesised through the modified Stober method, hydrothermal, and sol-gel methods and were used to load corrosion inhibitor molecules and covered with pH-sensing layers.
- PH-sensitive mesoporous reservoirs loaded with corrosion inhibitors were synthesized, and smart coatings with conventional binders were formulated.
- A reservoir entrapped in the primer coating ensures the release of corrosion inhibitors based on the need.
- The on-set of corrosion activity in the nearby area due to the local change in pH arrests the corrosion process.
- In-situ FTIR and SVET were used to investigate the smartness of the coating by determining the release of inhibitor at the site.

Microcapsules based Smart Coatings

- Microcapsules have been synthesised by the in situ emulsion (Oil/Water) polymerization method.
- The microcapsules encapsulating the corrosion inhibitors were synthesised and the paint formulated with conventional binders.

CURRICULUM VITAE

- When there is mechanical damage, the capsules present in the primer coat will break and release the encapsulated inhibitor, arresting corrosion in the mechanically damaged area.

Inhibitor Decorated Pigment based Smart Coatings

- The layer-by-layer method (LBL) with appropriate inhibitors and pH-sensing layers is used to create an inhibitor-decorated pigments-based system.
- Commercial pigments like mica, TiO₂ were surface functionalized in such a way to carry corrosion inhibitor with polyelectrolyte multi layers or conducting polymers doped with corrosion inhibitive ions and hence ensure the release of respective inhibitors when corrosion initiates.
- These pigments were incorporated into paint formulations for primer coatings over steel and aluminium alloys and were successfully demonstrated.
- This cost-effective smart coating performs nearly 3 orders of magnitude better than conventional primer coating formulations.

Electropolymerized Primer Layers for Corrosion Protection

- Electropolymerization of polymers or polymer composites over steel and aluminium alloys was also established by various techniques (including the Cyclic Voltammetry method) and their corrosion protection performance was evaluated by polarisation and impedance methods.
- This research on smart coatings for corrosion control led to a number of international publications with good citations.

Awards & Recognitions

1. SERB - National Postdoctoral Fellowship (N-PDF) (2020-2021) at CIPET, Bhubaneswar.
2. Best Thesis Award-2018 at Nineteenth National congress on corrosion control organized by NCCI, at Bhubaneswar, 5-7 December, 2018.
3. NACE (NIGIS) Corrosion Awareness Award-2017 for PhD student at CORCON-17, Mumbai, on 19th September 2017.
4. Berger Award for Excellence in Coatings Research at 13th Surface Engineering & Paint Coatings Expo-2017, organized by SSPC, at Pune, during 15-17 February 2017.
5. CSIR-Research Associate Fellowship (2016-2017) at Delhi.
6. Best Paper Award at National Corrosion day organized by NCCI, at Kalasalingam University, Krishnankoil, on 8 April 2016.
7. Best Poster Award at 18th National Congress on Corrosion Control, organized by NCCI at Chennai, during 24-26 February 2016.
8. Best Paper Award at National Corrosion day, organized by NCCI, at Gandhigram University, Dindigul, on 17 April 2015.
9. Best Poster Award at 16th National Congress on Corrosion Control, organized by NCCI at Kolkata, during 23-25 August 2012.

Patents

1. ***T. Siva**, S. Sathiyarayanan, S. Syed Azim “Sustained Release Reservoir based Smart Anticorrosive Coating and its process thereof”, Indian patent, Patent No: 375021, Application No: 201611018924, Date of Filing: 02/06/2016, Date of Published: 11/03/2021, Date of Grant: 23/08/2021.
2. ***T. Siva**, S. Sathiyarayanan, S. Syed Azim “Inhibitor Decorated Pigment based Smart Anticorrosive Coating and its process thereof” Indian patent, Patent No: 370860, Application No: 201711001421, Date of Filing: 13/01/2017, Date of Published: 22/01/2021, Date of Grant: 30/06/2021.

Technology Transfer

1. ***T. Siva**, S. Sathiyarayanan, S. Syed Azim, Sustained Release Reservoir (SRR) based Smart Anticorrosive Coatings, (2016), Indian patent, Patent No: 375021, Application No: 201611018924, Date of Filing: 02/06/2016, Date of Published: 11/03/2021, Date of Grant: 23/08/2021.

Skill Development /Trainings conducted

1. Refresher course on Paints for corrosion protection by CECRI, at Karaikudi on 26-30 August 2019.
2. Skill Development training program on Assistant Decorative painter by RTC & CECRI, at Amravathiputhur & Karaikudi on 27 February- 29 March 2019.
3. Refresher course on Paints for corrosion protection by CECRI, at Karaikudi on 16-20 November 2018.
4. Assessment of Trainees under Prior Learning Scheme for paint and coatings by paint and coatings skill council, at JKR manpower services, Thanjavur on 12 September 2018.
5. Assessment of Trainees under Prior Learning Scheme for paint and coatings by paint and coatings skill council, at JKR manpower services, Thanjavur on 10 August 2018.
6. Skill Development training program on Protective marine painter by PLPC & CECRI, at Kuthenkuli & Karaikudi on 2 - 25 May 2018.
7. Assessment of Trainees under Prior Learning Scheme for paint and coatings by paint and coatings skill council, at JKR manpower services, Thanjavur on 28 March 2018.

CURRICULUM VITAE

8. Skill Development training program on Paints and coatings for corrosion protection by RTC & CECRI, at Amravathiputhur & Karaikudi on 5- 27 December 2017.
9. Refresher course on Paints for corrosion protection by CECRI, at Karaikudi on 18-22 November 2017.
10. Skill Development training program on Protective marine painter by CECRI, at Mandapam unit on 30 May - 29 June 2017.
11. Skill Development training program on Paints and coatings for the prevention of corrosion and fouling on the sea going vessels of fisherman by CECRI, at Mandapam unit on 15-30 May 2017.
12. Tailor made training program on Paints and coatings for corrosion protection by CECRI, at Karaikudi on 6-11 March 2017.
13. Refresher course on Paints for corrosion protection by CECRI, at Karaikudi on 7-11 November 2016.
14. Refresher course on Paints for corrosion protection by CECRI, at Karaikudi on 16-20 November 2015.

Papers Presented in Symposium/Conferences/Congress

1. Electropolymerised conducting polymer based smart coatings, ***T. Siva**, R. Ananthakumar, S. Sathiyarayanan, Twelfth International (virtual) Conference on Advancement in Polymeric Materials (APM-2021) organized by CIPET-LARPM, during 9-13 March, 2021 at Bhubaneswar.
2. Ceria nanocontainer based smart coatings for anticorrosion performance, ***T. Siva**, K. Viji, S. Abirami, S. Sathiyarayanan, Nineteenth National congress on corrosion control organized by NCCI, during 5-7 December, 2018 at Bhubaneswar.
3. Sustained release reservoir based smart coating for corrosion protection performance, ***T. Siva**, K. Viji, R. Jeyaram, S. Muralidharan, S. Sathiyarayanan, Eleventh International Symposium on Advances in Electrochemical Science and Technology (ISAEST-11) organized by SAEST, during 7-10 December, 2016 at Chennai.
4. A Novel silica based self-healing coating with sustained release of dopant ion, ***T. Siva**, V. Saranyan, S.S. Sreejakumari, S. Syed Azim, S. Sathiyarayanan, Nineteenth National Convention of Electrochemists (NCE-19) Organized by SAEST, during 28-29 March, 2016 at Tiruchirappalli.
5. TiO₂ reservoir based self-healing coatings for corrosion protection, ***T. Siva**, V. Saranyan, S.S. Sreejakumari, K. Viji, S. Sathiyarayanan, Eighteenth National congress on corrosion control organized by NCCI & CSIR-CECRI, during 24-26 February, 2016 at Chennai.
6. Electrosynthesis of nano reservoir incorporated conducting polymer based self-healing coatings, ***T. Siva**, S. Sathiyarayanan, Seventeenth National congress on corrosion control organized by NCCI, CSIR-CECRI, during 21-23 August, 2014 at Karaikudi.

CURRICULUM VITAE

7. Electropolymerised self-healing coatings, ***T. Siva**, S. Sathiyarayanan, National Symposium on Polymer and Coatings (NSPC-2014) organized by CSIR-IICT, during 25-26 April, 2014 at Hyderabad.
8. Smart self-healing coating containing porous silica loaded with eco-friendly corrosion inhibitor, ***T. Siva**, K. Kamaraj, S. Muralidharan, S. Sathiyarayanan, Tenth International Symposium on Advances in Electrochemical Science and Technology (ISAEST-10) organized by SAEST, during 28-30 January, 2013 at Chennai.
9. The Effect of Poly (Ethylene glycol) on diverse morphology of CaCO₃ scale formation, ***T. Siva**, S. Muralidharan, K. Kamaraj, S. Sathiyarayanan, Seventeenth National Convention of Electrochemists (NCE-17), Organized by SAEST, during 14-15 September, 2012 at Chennai.
10. Synthesis and characterization of urea formaldehyde microcapsules containing dual active agent loaded self-healing coatings, ***T. Siva**, K. Kamaraj, V. Karpakam, S. Sathiyarayanan, Sixteenth National Congress on Corrosion Control organized by NCCI, during 23-25 August, 2012 at Kolkata.
11. Electrodeposition of polyaniline, poly (2-ethylaniline), and poly (aniline-co-2-ethylaniline) on steel surfaces and their corrosion protection performance, V. Karpakam, K. Kamaraj, **T. Siva**, S. Sathiyarayanan, Presented at the Conference on Engineering coatings ENGGCOAT-2012 Organized by IIT Mumbai during Feb 9-11, 2012 at Mumbai.
12. Electrodeposited PANI-nanoSiO₂ composite coatings on AA 2024 –T3 and its corrosion protection performance, K. Kamaraj, V. Karpakam, **T. Siva**, S. Sathiyarayanan Presented at the Conference on Engineering coatings ENGGCOAT-2012 Organized by IIT Mumbai during Feb 9-11, 2012 at Mumbai.
13. Template-free synthesis of hollow sphere of conducting-polymer and its anticorrosion performance, ***T. Siva**, K. Kamaraj, V. Karpakam, S. Sathiyarayanan, Presented at the Conference on Engineering coatings ENGGCOAT-2012 Organized by IIT Mumbai during Feb 9-11, 2012 at Mumbai.
14. Self-healing hardener free coating containing PANI, ***T. Siva**, K. Kamaraj, V. Karpakam, S. Sathiyarayanan, Presented at the International Symposium on surface Protective Coatings during 7- 9 Dec 2011 at Bangalore.
15. Corrosion Protection Performance of PANI Nano Fibers, V. Karpakam, K. Kamaraj, **T. Siva**, S. Sathiyarayanan, Presented at the International Symposium on surface Protective Coatings during 7- 9 Dec 2011 at Bangalore.
16. Synthesis of Poly o-phenylenediamine Nanocapsules Using β-Cyclodextrin and its anticorrosion performance, ***T. Siva**, S. Sathiyarayanan, Presented at CORCON2011, during 28-30 Sept. 2011 at Mumbai.

CURRICULUM VITAE

17. Synthesis of Poly o-phenylenediamine Nanotubes Using β -Cyclodextrin and its anticorrosion performance, ***T. Siva**, S. Sathiyarayanan, G. Venkatachari, Presented at the International Corrosion Awareness Day - 2011, during 25th April 2011 at Central Electrochemical Research Institute (CECRI), Karaikudi.
18. Chemical polymerization of poly (p-nitro aniline-co-aniline) and its Corrosion protection performance, ***T. Siva**, V. Karpakam, K. Kamaraj, S. Syedazim, S. Sathiyarayanan, G. Venkatachari, Presented at the International Symposium on Advances in Electrochemical Science & Technology (iSAEST-9), Organised by SAEST, during December 2-4, 2010 held at Hotel Green Park, Chennai.
19. Electrosynthesis of poly (aniline-co-o-phenylenediamine) film on steel and Its corrosion protection performance, ***T. Siva**, V. Karpakam, K. Kamaraj, S. Sathiyarayanan, G. Venkatachari, Presented at the Fifteenth National Congress on Corrosion Control organized by NCCI during 16 – 18 September, 2010 at the Accord Metropolitan, Chennai.

Industry Oriented Courses / Workshops Attended

1. One day AWSAR (Augmenting Writing Skills for Articulating Research) Training workshop on Popular Science Writing by Ranchi university, Morabadi, Ranchi. 13th July, 2022.
2. National Workshop on Nanomechanical and Tribological characterization of Materials organized by Centre for Nanoscience and Nanotechnology, Sathyabama Institute of Science and Technology, Chennai during 4-5th, March, 2022.
3. Two Weeks International Faculty Development Programme (FDP) on Advanced Computational and Experimental Research in Physics-2021 organized by SRM Institute of Science and Technology Ramapuram Campus, Chennai during 13-25th, September, 2021.
4. One Week Faculty Development Programme (FDP) on Applied Chemistry: A Catalyst for Scientific Transformations organized by Shree Guru Gobind Singh Tricentenary (SGT) University, Gurugram, Delhi during 23-28th, August, 2021.
5. Two Weeks International Workshop on Emerging Trends in the field of Science and Technology organized by Sathyabama Institute of Science and Technology, Chennai during 16-28th, August, 2021.
6. One week virtual faculty development programme on Synthesis, Characterization and Applications of Novel Materials by Ramco Institute of Technology, at Rajapalayam, Tamilnadu, on 2-6 August, 2021.
7. Online two days' workshop on Tools for Exploring Chemistry by Rajdhani College (University of Delhi) at Delhi on 12-13 July 2021.
8. Two days National virtual workshop on big data analytics in cloud computing using python programming by Annamalai university, at Tamilnadu, 9-10 July, 2021.

CURRICULUM VITAE

9. Assessor / Trainer course on Marine Painter conducted by Paint and Coatings skill council of India, at Karaikudi, on 6-24 November 2017
10. Workshop on National Corrosion day 2016 conducted by NCCI, at Kalasalingam university Krishnankoil, on 8 April 2016.
11. Workshop on National corrosion day 2015 conducted by NCCI, at Gandhigram university Dindigul, on 17 April 2015
12. Workshop on Principles and Practice of Advanced EPR Spectroscopy conducted by CECRI at Karaikudi, on 19 March 2012.
13. Workshop on Marine corrosion and surface engineering 2012 conducted by NCCI & Annamalai University, at Parangipettai, on 24-26 November 2011.
14. National Workshop on Recent Trends in Electrochemistry conducted by CECRI, at Karaikudi on 28 Apr 2011.
15. Workshop on International corrosion awareness day 2011 conducted by CECRI, at Karaikudi on 25 April 2011.
16. Refresher course on Corrosion Science & Engineering conducted by CECRI, at Karaikudi on 16-20 August 2010.

Symposium/Conferences/Congress / Seminars Attended

1. One day online AWSAR (Augmenting Writing Skills for Articulating Research) webinar on Understanding Popular Science Writing by Department of Science and Technology (DST) & Vigyan Prasar (VP), 10th August, 2022.
2. One day online AWSAR (Augmenting Writing Skills for Articulating Research) webinar on Understanding Popular Science Writing by Department of Science and Technology (DST) & Vigyan Prasar (VP), 18th July, 2022.
3. One day online AWSAR (Augmenting Writing Skills for Articulating Research) webinar on Popular Science Writing and Journalism by Department of Science and Technology (DST) & Vigyan Prasar (VP), 30th June, 2022.
4. International webinar on Nanopore Sequencing overview and Applications in by Centre for Research and Innovation School of Natural Science, Adichunchanagiri University, BG Nagara, Karnataka, 17th June, 2022.
5. One day online AWSAR (Augmenting Writing Skills for Articulating Research) webinar on Understanding of Science Communication by Department of Science and Technology (DST) & Vigyan Prasar (VP), 11th May, 2022.
6. One day International Colloquium on International Lecture Series IV: Polymer Science and Materials Chemistry by Kirori Mal College, University of Delhi at Delhi 28th April, 2022.
7. One day National Seminar on NAAC Revised Assessment and Accreditation Framework – An Approach By IQAC, Hindu College, University of Delhi at Delhi 10th May, 2022.
8. One day National webinar on Two-Dimensional Materials: Graphene and Beyond, Centre for Nanoscience and Nanotechnology & Centre of Excellence for Energy Research, Sathyabama Institute of Science and Technology at Chennai, 28th March, 2022.

CURRICULUM VITAE

9. International webinar on Rheometry and its Applications in Exploring Materials Characteristics and Technological Potential by Centre for Research and Innovation School of Natural Science, Adichunchanagiri University, BG Nagara, Karnataka, 11th February, 2022.
10. International webinar on Two Dimensional Nanostructures for energy conversion and Storage Applications by Centre for Research and Innovation School of Natural Science, Adichunchanagiri University, BG Nagara, Karnataka, 24th December, 2021.
11. International webinar on Research and Clinical Application of Flowcytometry by Centre for Research and Innovation School of Natural Science, Adichunchanagiri University, BG Nagara, Karnataka, 17th December, 2021.
12. International webinar on Emerging Challenge in the Advanced Phytochemicals Against the Antibiotics Resistance by Centre for Research and Innovation School of Natural Science, Adichunchanagiri University, BG Nagara, Karnataka, 3rd December, 2021.
13. International webinar on Hierarchical Zeolites: Preparation Pathways and Potential Application by Centre for Research and Innovation School of Natural Science, Adichunchanagiri University, BG Nagara, Karnataka, 26th November, 2021
14. One day webinar on a phytochemical atlas of Indian medicinal plants for harnessing traditional knowledge by MANAV-The Human Atlas Initiative-Department of Biotechnology (DBT), Government of India, 11th November, 2021.
15. National webinar on Nanoporous Activated Carbon for Energy Storage and Energy Conversion by Nadar Mahajana Sangam S. Vellaichamy Nadar College of Arts and Science, Madurai, Tamilnadu, 13th October, 2021.
16. One day webinar on Popular Science Writing-AWSAR (Augmenting Writing Skills for Articulating Research) by Department of Science and Technology (DST) & Vigyan Prasar (VP) & Agharkar Research Institute Pune, 3rd September, 2021.
17. National webinar on Plagiarism, Citation and Reference in Social Science Research by St Alphonsa College of Arts and Science, Kanyakumari, Tamilnadu, 3rd September, 2021.
18. International Webinar on Chemical Science and Technology - 2021 (IWCST-2021) organized by the Chem power Association and Department of Chemistry, Srinivasan College of Arts and Science, Tamil Nadu on 27th August 2021.
19. First International (virtual) Conference on emerging porous Materials (ePorMat-21) organized by NISER & VIT & IIT, during 29-30 July, 2021.
20. One day webinar on q NMR and structural elucidation by Bruker, 13th July, 2021.
21. One day Global Webinar on Recent Advances on Energy Storage and Conversion Materials organized by Karpagam Academy of Higher Education, at Coimbatore, 5th July, 2021.

CURRICULUM VITAE

22. One day National Webinar on Future of lithium based batteries in Indian scenario organized by Karunya Institute of Science and Technology, at Coimbatore, 18th June, 2021.
23. One day Seminar on Energy Materials organized by Sathyabama Institute of Science and Technology, at Chennai, 4th June, 2021.
24. One day FDP webinar on Intellectual Property Rights organized by Sri Sarada Niketan College for Women, at Karur, 2^d June, 2021.
25. One day webinar on Infrared Spectroscopy: Fundamentals and Applications organized by Deshbandhu College (University of Delhi), at Delhi, 8th April, 2021.
26. International Technical Symposium on Corrosion (ITSC 2021) organized by NCCI & CSIR-CECRI, at Karaikudi, 3rd March, 2021.
27. Twelfth International Symposium on Advances in Electrochemical Science and Technology (ISAEST-11) organized by SAEST, at Chennai, 7-10 January, 2019.
28. Nineteenth National congress on corrosion control organized by NCCI, at Bhubaneswar, 5-7 December, 2018.
29. Thirteen International Symposium on Surface Engineering & Paint Coatings Expo-2017 organized by SSPC, at Pune, 15-17 February, 2017.
30. Eleventh International Symposium on Advances in Electrochemical Science and Technology (ISAEST-11) organized by SAEST, at Chennai, 7-10 December, 2016.
31. Nineteenth National Convention of Electrochemists (NCE-19) Organized by SAEST, at Tiruchirappalli, 28-29 March, 2016.
32. Eighteenth National congress on corrosion control organized by NCCI, CSIR-CECRI, at Chennai, 24-26 February, 2016.
33. National Symposium on Polymer and Coatings (NSPC-2014) organized by CSIR-IICT, at Hyderabad, 25-26 April, 2014.
34. Seventeenth National congress on corrosion control organized by NCCI, CSIR-CECRI, at Karaikudi, 21-23 August, 2014.
35. Tenth International Symposium on Advances in Electrochemical Science and Technology (ISAEST-10) organized by SAEST, at Chennai, 28-30 January, 2013.
36. Seventeenth National Convention of Electrochemists (NCE-17) Organized by SAEST, at Chennai, 14-15 September, 2012.
37. Sixteenth National Congress on Corrosion Control organized by NCCI, at Kolkatta, 23-25 August, 2012.
38. Engineering coatings ENGGCOAT-2012 Organized by IIT Mumbai, 9-11 February, 2012.
39. International Symposium on surface Protective Coatings organized by Society for Surface Protective Coatings India, at Bangalore, 7- 9 December, 2011.
40. CORCON 2011 NACE International Gateway India Section organized by NACE, at Mumbai, 28-1 Sep-Oct 2011.

CURRICULUM VITAE

41. Ninth International Symposium on Advances in Electrochemical Science and Technology organized by SAEST (ISAEST-9), at Chennai, 2-4 December, 2010.
42. Fifteenth National Congress on Corrosion Control organized by NCCI, at Chennai, 16-18 September, 2010.

Personal Details

- **DOB:** 9th June, 1983
- **Marital status:** Married
- **Health/Blood Group:** Excellent/A +
- **Nationality/Religion:** Indian/Hindu
- **Language Known:** Tamil, English, Hindi.
- **ORCID ID:** 0000-0001-8552-736X
- **Researcher ID:** V-2164-2018
