OBJECTIVE

Organized and result-driven individual with 3 year of experience in quality testing. Looking forward for a position that can justify my knowledge.

PERSONAL DETAILS

- Date of Birth : 07/04/1993

SKILLS

- Microsoft office
- Problem solving and critical thinking
- Attention to details
- Good Laboratory Practice (GLP)
- Chemistry and chemical analysis
- Test method development
- SOP preparation and implementation.

ACHIEVEMENTS & AWARDS

- ISO/IEC 17025: 2017 training certificate from BIS
- ISO 9001: 2015 training certificate from BIS

PROJECTS

- **NABL ACCREDITATION**
Documentation that are in line with ISO/IEC 17025: 2017.
Calculation of measurement of uncertainty for viscosity, fineness to grind, mass in kg/10ltr, drying time, volume solid.
- **IS 12744 license**
Red oxide zinc Phosphate primer license as per IS 12744. It includes formulating primer recipe, making sample batch, testing of sample as per IS standard and preparing documents

INTERESTS

- Reading and learning new techniques
- Painting

EXPERIENCE

- | | |
|------------|--|
| 13/02/2016 | • Sandeep paper mill |
| - | Process engineer |
| 12/07/2016 | Water testing (BOD, COD, MLSS, MLVSS etc) |
| 21/06/2017 | • Chimate technology pvt ltd |
| - | Account executive |
| 25/06/2018 | Making voucher, updating ERP, Making vendor payment, Internal audits |

- 01/07/2018
-
01/07/2019
- **Waverley paints pvt ltd**
R&D executive
R&D formulation and batch charging.
Finished goods and raw material quality testing.
- 01/07/2019
- Till
date
- **7 seas paint pvt ltd.**
Quality control incharge
 - Accident/Incident investigation.
Investigation of out of Specification laboratory results, deviation/incidents and documentation of such investigation including action plan.
 - SOP preparation & implementation
 - Documentation
To approve the documents related to qualification & validation activity, summaries of the different validation activities.
 - preparation & maintenance of request documentation of review, issue, archival and of set quality assurance procedure.
 - Risk Management
Evaluation of risk management related to the product synthesis at sites.
 - Liaising
To coordinate with out side parties & with interdepartmental persons for smooth activities.
 - System upgradation
To upgrade the quality system as per current regulatory/customer request.
 - Planning
 - Audits
To coordinate for internal and external audits related to facilities and systems.
 - Test method development
 - Employee training of personnel as per schedule activity.
 - Regular involvement in new projects and responses to quality related to quality assurance.
 - Quality testing of raw material as per relevant method/standard and finished product as per IS 101 and other relevant methods.
 - NABL documentation and internal audits.
Calculation of measurement of uncertainty and z score.
 - Application and documentation for renewal of ISI License.

EDUCATION

- **CBSC Board**
High school
80%
- **U.P Board**
Intermediate
60%
- **Dr. A.P.J Abdul Kalam University**
B.tech in Chemical engineering
