Academic Credentials

Degree	Subject	Year	Perc.	Class
ADIS	Safety	2014	67.00	First
MBA	Envy. Science	2013	68.34	First
B.Sc.	Physics	2011	71.24	First

Area of Excellence

Strategic Planning & Leadership

- ➔ Best Practices & Benchmarking
- ➔ Analysis / Problem Solving
- ➔ Standardization & Process Improvements
- ➔ CAPEX Management
- ➔ Coaching and alignment
- ➔ Data Management
- ➔ Accountability

PROFESSIONAL SUMMARY

Dynamic and seasoned executive with over 8 years & 7 months of experience in Environment Health and Safety Management System entailing with Safety audits, Environmental audit, Incident Investigation and Corrective action, Liaisoning, Training programs & EHS promotional activities and internal & external audits to improve the work environment safely and to achieve the EHS policy; ability to lead all aspects of EHS with strategic planner with competency in devising significant solutions & leadership skill to coach, manage and motivate diverse professionals in challenging environment.

CORE FUNCTIONAL SKILLS

- ➔ Ensuring workplace comply with environment health & safety legislation; Investigate serious incidents and accidents
- ➔ Conducting environment & safety internal and external audits & risk assessment; implementing EHS standards
- ➔ Imparting training on Safety Policies, SOP's; implementing safety promotional activities
- ➔ Developing contractor safety management for improving safety culture; discussing and resolving of issues related to quality and safety performance
- ➔ Ensuring implementation of Process Safety Management System and PSM self-assessment

PROFESSIONAL EXPERIENCE

23th May 2016 to till date
M/s. Reichhold India Pvt Ltd, Pune
(World leaders in manufacturing of Unsaturated Polyester Resin)
Assistant Manager- EHS

Significant Accomplishments

- ➔ Perform environment health and safety audits relating to the activities and identify their hazards & risk assessment.
- ➔ Evaluate & arrange regular training & refresher training for all personnel, induction training to new employee, visitors & auditors and contractors, emergency response procedures
- ➔ Studied and implemented Process safety management (PSM), risk management: HAZOP studies, Hazard Identification & Risk Assessment (HIRA), Process hazard analysis (PHA)
- ➔ Ensuring compliance of FM Global by proper testing/training/inspection and maintenance of fire protection system and maintaining documents and reports

- ➔ Compliance of Loss Prevention Survey through evaluation of Fire & Natural Hazards, Regular risk Evaluation, Boiler & Machinery equipment Hazards, Electrical Thermal Survey done through the FM global & Ensure to complete the survey as per the scheduled audit.
- ➔ Develop HSE improvement strategies including capital projects, HSE budgetary items and other continuous improvement projects.
- ➔ Management of workplace hazards, hazardous waste and EHS legislation and documentation
- ➔ Maintaining Environment Due Diligence
- ➔ Ensuring pre and periodic medical examinations of employees as per factory rule, Maintaining OHC and First Aid and records documentation.
- ➔ Having knowledge in handling Thermal Oxidiser plant for the incineration of process wastewater.
- ➔ Having good knowledge in handling of Sewage Treatment Plant (STP) & Effluent Treatment Plant (ETP): operation and maintenance
- ➔ Participating in incident investigation to identify RC & CAPA
- ➔ Involving in projects for process design review, PSSR (Pre-Start-up Safety Review) and MOC etc
- ➔ Review and update the SOP's and emergency procedures
- ➔ Study and understand the chemical exposure from MSDS and ensuring proper hazards communication program / training to employees
- ➔ Maintains KPI, Daily HSE observation Trend Analyses, Action tracking register for daily HSE observations and maintain incident register.
- ➔ Ensuring non-routine work permitting and safe work practices, Red Tag permit as per FM Global
- ➔ Having good knowledge in liasioning with MPCB, DISH, Fire Brigade, MIDC govt bodies.
- ➔ Presenting EHS reports to the Polynt- Reichhold EHS global team, Maintaining the Global Dashboard data management and communications.
- ➔ Prepare the CAPEX project
- ➔ Leading EHS in Expansion Project Phase II including UPR reactor train and chemical storage tanks and warehouse in 2017.
- ➔ Leading EHS in new expansion project Phase III including UPR reactor train and Bonding Paste vessel with additional storage capability for RM & FG in 2021.

Achievements

- ➔ Best Safety Performance Award 2017- Completed expansion project Phase II of UPR train and warehouse without lost time accidents
- ➔ Implemented height work life critical safety project
- ➔ Implemented standard labelling for all chemical lines and storage tank inside the Plant
- ➔ Best Safety Performance Award 2021- Completed expansion project Phase III including UPR reactor train and Bonding Paste vessel with additional storage capability for RM & FG in 2021

26th December 2014 to 18th May 2016

M/s. Capasite Structures Ltd, Mumbai

(Mechanical division for manufacturing and turnkey solutions for custom built structures)

Sr. Executive-EHS

Significant Accomplishments

- ➔ Implementation of Integrated Management System (IMS) standards and maintaining re-certification and documentation.
- ➔ Performing root cause analysis of all EHS incidents, near misses and implement corrective actions
- ➔ Audit the workplace and associate behaviours to ensure that training, auditing, and scoring methods are accurate and consistent
- ➔ Maintaining site KPI, Unsafe act/unsafe work near miss observation, actions plans on deviations and maintaining the records.
- ➔ Establish procedures & mitigation strategies for risk & emergency management plans.
- ➔ Assist in the development and deployment of toolbox talks, safety bulletins and other communicated medias regarding EHS activities

- ➔ Conduct periodic EHS program analysis, provide reports and metrics to the management, and make recommendations to improve performance
- ➔ Preparing daily, weekly, and monthly activity audit reports
- ➔ Inspection of fire hydrant system and fire extinguishers on periodic basis
- ➔ Procurement of right PPEs as per the standards; PPE matrix
- ➔ Provide the training and emergency mock drills and prepare the documents
- ➔ Prepare and maintain the EHS compliance documents
- ➔ Arrange safety committee meetings and share EHS performance record
- ➔ Handled Sewage treatment Plant independently.

Achievements

- ➔ Successfully achieved certification of IMS for two unit and worked as an Management Representative

1st May 2013 to 24th December 2014

Green Circle Inc., Mumbai

**(IMS certified Integrated HSEQR Consulting Engineering, Scientific & Training Organization
having MoEF & NABL Approved Environmental Laboratory & Research Centre)
Executive- Technical Services**

Significant Accomplishments

- ➔ Ensured compliance with applicable environment and safety regulations by conducting audits of client facilities
- ➔ Prepare EIA reports, EC and Post EC compliance, Environmental Monitoring and hazardous waste documents of various projects and industries
- ➔ Assist client in designing and implementing new standard operating procedures to ensure compliance with applicable regulations.
- ➔ Provided technical insight into dealing with MPCB and DISH regulations
- ➔ Conducting training and seminar workshops in industries on environment and safety rules and awareness programs.
- ➔ Supporting senior management in developing new business and preparation of commercial offers.
- ➔ Arranged Training programs in Sewage treatment plant and Effluent treatment Plant

Project: A Study on Environment Management System (with reference to ISO 14001) in Laxmi organic Industries Ltd., Mahad, Raigad

TRAININGS & SEMINARS

Undergone training in:

- LIFE SAVING, FIRST AID AND CPR training
- DGFASLI Training program on “Control of Industrial Major Accident Hazard Rules”
- DGFASLI Training program on “Chemical Risk Reduction Strategies”
- Importance of “Process Safety Management”
- ETP Troubleshooting and Effective “Operation & Maintenance”
- Safety Audit requirements as per IS 14489
- Height work safety training conducted through DISH
- Online submission of MPCB & DISH legal compliance

IT skills: MSCIT, MS office, MS power point presentation, Internet surfing
