Workshop Attended

Hands on workshop in Banasthali (6 Days)

3D Modeling: Making model by using paper with the sense of shape, form and proportion.

Terrarium and Landscaping
Macramé knotting: Learned to grow plants in small glass container without mud.

Anaplastology: I learned the making artificial finger. (2 Days)

I am an Interior Designer, and I am passionately looking for an opportunity to enhance my knowledge about the industry. Work on site, dealing with labors, making good for construction drawings, planning, design a space, fulfill the need of client, work under the budget, are all these fields I want to explore. I also like to explore new things and make space functional and lively in a sustainable way that is good for the environment. I am very ambitious and honest towards my work and believe to work with full of energy.

Education

B. Des (Interior Design): Banasthali Vidyapeeth, Tonk Rajasthan (2016-2020)

Intermediate/+2: Jawahar Navodaya Vidyalaya, Gonda UP (2014-2015)

Matriculation: Jawahar Navodaya Vidyalaya, Gonda UP (2012-2013)
