## OBJECTIVE

Mechanical engineering graduate seeking the position of fresher engineer at Paint Manufacturing industry where I can use my technical knowledge and management skills for the enhancement of the organization and my profession.

## PERSONAL SKILLS

- Problem-solving
- Work ethics
- Responsible
- Quick learner
- Time management
- Teamwork

## TECHNICAL SKILLS

- SOLIDEDGE SOFTWARE
- MS OFFICE
- AUTOCAD SOFTWARE

## LANGUAGES

- English 
- Malayalam 
- Hindi 

## EDUCATION

DEGREE	INSTITUTION	SCORE
B. Tech Mechanical Engineering	A P J Abdul Kalam Technological University KERALA [2016 - 2020]	7.16 (CGPA)
Higher secondary education	D.H.S.E KERALA [2014 – 2016]	77%
All India secondary school examination	C.B.S.E NEW DELHI [2013 – 2014]	80%

## EXPERIENCE

- **Remote Controlled Elephant Tranquilizer** - This project deals with an electromechanical device which is used to control the elephant during its rampage towards society.
- **Mechanical Footstep Power Generator** – Electricity is generated in this system due to the pressure difference as a result of weight of the person walking over the platform.
- **Internship** – I have done internship on Indian Railways at diesel loco-shed Ernakulam where I received real-world practical experience regarding Manufacturing and Maintenance of various machineries and equipment.

## ACTIVITIES

- Member in National Service Scheme.
- Member in American Society of Mechanical Engineers.
- Participated in National Level Project Expos and cultural activities.
